Make Good Choices at Auburn Public School

Be Respectful Be Safe Be Active Learners

Principal’s Message

Dear Parents and Caregivers,

Last week Stage 2 students attended an exciting Skyworks incursion in the James Waters Hall. The students enjoyed entering the model dome and I am sure that they learned a great deal on the day. Thank you to Miss Blewitt and the Stage 2 team for organising such a valuable learning opportunity.

As the winter is now upon us and the weather is becoming colder we often have students who catch colds and flu and are too unwell to attend school. As you would know these illnesses can make children feel very unwell and often cause symptoms such as coughing, runny noses and sneezing. If your child is sick, it is often much better to keep them at home until they are feeling better as this will assist their recovery and also help to not spread the illness to their classmates. It is important to also send a note when they return to school so that class teachers can mark their roll accordingly.

Please also make sure that you keep us updated of any changes to your phone numbers or emergency contact details so that we can contact you if your child becomes sick at school.

As we enter the last few weeks of the term, another reminder that parent teacher interviews will occur in the last week of school on June 23 shortly after reports come home. We look forward to seeing you on the night.

Have a wonderful week!

‘Saving Lil & Archie’ Show

Brainstorm Productions will be presenting their show ‘Saving Lil and Archie’ on Thursday 11th June 2015.

It's a fun way to demonstrate emotions and how to deal with anger and fear. It promotes kindness and forgiveness. The performance also highlights safe and appropriate use of technology. It encourages children to limit screen time, get more sleep and do more exercise.

This is a free production as the school will be covering the cost for each student.

For more information on the company go to www.brainstormproductions.edu.au

Skyworks Incursion

On 2nd and 3rd of June Stage 2 attended a “Skyworks” incursion at school. Students were able to go inside a planetarium dome.

Geoff from Skyworks showed students the night sky and pointed out different features. He gave interesting information about the Earth, solar system, stars, constellations and the universe and really captured the students’ interest.

The journey started as the students entered the dome through the tunnel. Once inside students were seated around the outside of the dome and shown various images and slides projected onto the dome.

The students had a fantastic time and learnt a lot more about Night and Day and the Solar System.

PBIS

We are all trying hard at Auburn to make good choices each day. The students have been working really hard and it has been exciting to see good work from a variety of classes.

Students need to be reminded that when moving through quiet zones such as the office, stairwells and past classrooms that they need to walk and move quietly.

Your teacher will instruct you to follow these rules. Please respect these rules and make good choices by walking quietly. Students are involved in lessons that develop the concept of quiet zones and showing respect when moving through these areas.

It would be fantastic to see everyone making a greater effort with this.

Keep making good choices Auburn!
